INTER-OFFICE MEMORANDUM

ATTENTION OF _____
Steve Short - WPCI II
S & E
DEPARTMENT _____

DATE _____
1/15/90

RE: Oil and Grease problem at
729 W. Sunshine

I called Building Regulations today and they have received no plans and no permits have been taken out for the 729 W. Sunshine address. An abatement order should be drafted to the owner of the property with a compliance schedule to abate the problem within 90 days or an administrative action will be taken to seek disconnection or termination of water service.
